Good morning Ambassador Loeb,

My name is Eric Turner, and I am the public affairs officer here in Tegucigalpa. Thank you very much for your letter to Ambassador Nealon related to George Washington's letter. I saw from the GWIRF website that a Spanish language version of the letter is available. Is that something that you can transmit digitally? We aren't yet sure exactly what we will do with it, but having an official translation would increase our options greatly.

Kind regards,
Eric
